---

To the hiring manager,

I would love the opportunity to work at The Mercy Hospital for the Food Services Assistant or in any other position that you need . I consider myself a responsible person, committed to work, proactive, good team player and friendly.

I have always had a vocation of service to people, in my country I worked two years practicing my career as an optometrist in a hospital, therefore I have my complete vaccination certificate and knowledge in aseptic and antiseptic which is very useful to work in a hospital kitchen. .

In my previous experience I worked as a kitchen assistant in a bar, where I followed the chef's instructions cutting food, cleaning and maintaining order in the kitchen. I also worked as a housekeeper in a hotel doing the cleaning of the rooms, replenishing food and products used, thus achieving to have the room in excellent condition for the next guest, making their stay at a high level.

Believe me you will not regret giving me a chance in any position you need to fill. I invite you to review my resume and if you have any questions feel free to contact me. I am available to work Monday through Sunday and I start immediately.  
Thank you very much for your time.

Best regards

Vianka Mandiola
